

## Community-Identified Project Approval Notice

### Urban Greening Program

**Air District:** Imperial County Air Pollution Control District (District)

**Community:** Calexico, Heber, El Centro Corridor

**Community Emissions Reduction Program Measure:**

M-2: Urban Greening Projects

**Project Plan Identifier:** 2021-06CIP-IC

**Project Type:** Mitigation Strategy

**Project Plan Completion Date:** February 25, 2021

**CARB Action (Date):** Approved; March 16, 2021

**Project Description:** This measure will provide incentive funding for approved urban greening projects. Grants may be awarded to a city, county, special district, non-profit, tribal government, public agency or entity for projects to be implemented within the Corridor. The grant amount will cover 100% of eligible costs which includes supplies/materials, construction, contracted services, and interpretative aids communicating information about the project

**Project Benefits:** This strategy reduces greenhouse gas emissions and will provide multiple additional co-benefits like encouraging active transportation and reduced energy consumption due to shading. The District will use the established California Climate Investments quantification methodology for urban greening projects to calculate project level emission reductions from each completed project.
